The new WTC Customer Reward Program replaces WTC's current "bundles" on May 1st!

WTTC has been offering bundles for several years. However, many of our customers weren't happy with the format of our bundles, so now we've made it even easier for you to save! Beginning May 1st, our new WTC Customer Reward Program will be replacing our current bundles.

If you are a current bundle customer, WTC will automatically calculate your new bundle discount based on the number of WTC services you have now, and will apply it to your May bill.

If you do not have a current bundle and want to take advantage of our new Reward Program, just call the office at 732-3000. As long as you have at least two WTC services, we'll apply your bundle discount to your account immediately! ■

Protecting your family or business doesn't have to be expensive

Get WTC's wireless home security system for just \$99 with free installation!

Nothing is more important than protecting the things that mean most. But many people think they can't afford a security system. Not true! With a \$99 wireless alarm system from WTC, you get lots of features like a wireless motion detector, two wireless openings, an internal message center, a wireless key fob and more. And you pay just \$99 with free installation, and just \$19.95* a month for 24/7 monitoring of your entire system and all components.
