CONNECTIONS

Summer 2011

The WTC Internet difference

The technology you choose for your Internet service can make a huge difference in the quality, reliability and even the consistency of your Internet connection and your download speeds. For example, WTC Internet is built to provide the best quality, most reliable and consistently fast speeds because it's delivered over our advanced telecom network.

But while other technologies can provide you with an Internet connection, they can also deliver big problems that can make your Internet experience more than a little frustrating.

For example, wireless Internet connections can suffer due to simple weather interruptions, radio interference, or even problems from foliage getting in the way.

But an even larger concern you should be aware of is CAPPED data plans. Nearly all wireless providers only offer "measured service," which means they only provide you a certain amount of bandwidth every month before you start incurring overages. This can create confusion and concern, because you have to be aware of how many GBs of bandwidth you are using

so you don't go over your allotment. And who wants to worry about that? Not you!

That's why WTC offers unlimited Internet service. With WTC Internet service, you can download as much as you want, whenever you want. Watch all the streaming movies, YouTube videos and Netflix you want; with WTC you won't have any overages.

To get super-fast, reliable Internet speeds at great prices from local people you can trust, WTC is the only choice. Give us a call today to get your Internet up and running for the new school year! ■

Give us your opinions and win a Wii!

It's our goal to be the best and preferred telecom provider in the area, but we can't do it without you. In fact, we're so dedicated to your satisfaction we'll even reward you to give us your opinions!

If you go online and complete our brief

provide and how to provide them.

There are several quick and easy ways to fill out the survey!

1 Go to www.WTCcommunications.com and click on the "Survey" link on the blue bar at the top. Then, simply fill out the survey and

We ask that you complete the survey by September 15th so we can tabulate the results and use them in our planning process. Thanks again for helping us help you! ■

Complete our survey and win a Wii with Mario Kart! Go to www.WTCcommunications.com and click on the "Survey" link in the blue bar at the top. Winner will be chosen on September 15th!

survey, or complete a written survey, we'll enter you to win a brand new Wii System with Mario Kart! The survey only takes a few minutes to complete and covers several important areas that will help us to better serve you. As a locally-owned and operated company, the answers you give will directly impact our decisions about what services to

submit it right online.

2 Or, if you'd like a paper version of the survey, just call our office at 732-3000 or stop by our office in Wilton to pick one up. We'll also be glad to mail you a survey and a self-addressed stamped envelope to return it in, or you can simply drop it by the office once you've completed it.

Pay as little as \$39.95/month for 3 Mbps High Speed Internet with WTC Customer Rewards!

With the kids back in school, a fast, reliable Internet connection has never been more important. It can be a homework helper, a connection to teachers and friends, plus a primary source of

WTC Internet Packages

	Download Speeds	Price
Silver	Up to 1 Mbps	\$39.95
Gold	Up to 3 Mbps	\$49.95
Platinum	Up to 5 Mbps	\$64.95

*Speeds are not guaranteed. A one-time \$15 set-up fee applies to new customers only

entertainment. And with multiple members of your family downloading movies, gaming or just making Facebook updates all at the same time, you need a high speed connection that can keep everybody moving.

And with WTC's Customer Rewards Program, you can get fast Internet service with big savings every month! To take advantage of customer rewards, the more WTC services you choose, the more you save! So, if you already have three WTC services (for example, phone, cable and a long distance package) when you add one more service (like Internet), you save an extra \$10 a month on your WTC bill! That's \$120 a year!

To add your Internet service now and take advantage of our Customer Rewards Program, give us a call at 732-3000 to schedule your installation! ■

WTC Customer Rewards

Choose from:

- Local Phone Service
- Any Long Distance Package of Minutes
- Cable TV (any package except Basic)
- Internet (any package except Dial-up)
- Security Monitoring

Choose 2 services, save \$5 a month
Choose 3 services, save \$10 a month
Choose 4 services, save \$20 a month
Choose all 5 services, save \$25 a month

If you have WTC Local Phone Service, **you get \$5 a month in BONUS savings!**

Telephone assistance is available to low income customers

The Lifeline and Link-up programs are federal programs offering telephone discounts to low-income residential customers in Iowa and across the United States. If you qualify, you may receive discounts on your telephone hook-up charge (Link-up) and on monthly basic phone service (Lifeline). More than 5 million customers nationwide benefit from these discounts each year.

QUALIFIED LOW-INCOME HOUSEHOLDS MAY OBTAIN TWO KINDS OF ASSISTANCE:

- Link-up is a plan that reduces telephone connection fees by 50 percent or \$30, whichever is less.
- Lifeline is a plan that assists qualified low-income Iowans by providing a monthly credit of up to \$10 on your local telephone bill.

To be eligible for either program, you must meet income-based criteria currently defined at or below 135% of the Federal Poverty Guidelines, or participate in a specific government program like Medicaid,

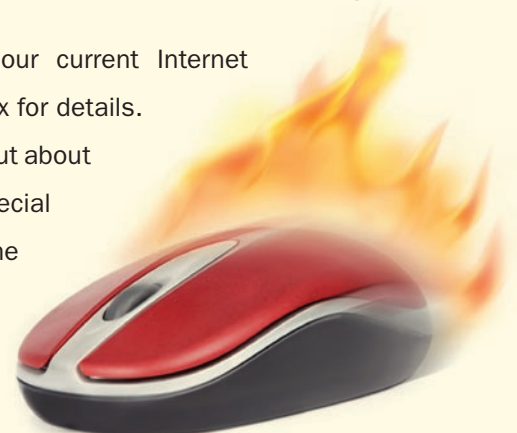

SSI, LIHEAP, National School Lunch Program and others.

For more information or to get an application form, please give us a call at 732-3000. ■

Faster Internet speeds are coming soon!

WTC will soon be raising our current Internet speeds! Watch your mailbox for details.

If you'd like to be the first to find out about our new speed packages (and special promotions!), e-mail your name and e-mail address to General@WTCCommunications.com. ■

Don't wait until your computer crashes. Tune up your computer BEFORE disaster strikes!

Computers, like your car, need ongoing maintenance to continue running smoothly. Imagine how poorly

to forget to install those important patches and updates you need to keep your computer running. And, if you don't

spend hours getting your computer updated and cleaned out. And we know you don't have hundreds of dollars to spend on software. That's why we offer FreshStart and SecureIT 2011.

In September only, get a FreshStart computer tune-up for just \$25 plus two FREE months of SecureIT 2011! Call 732-3000 today!

FreshStart

With FreshStart, your computer gets a thorough cleaning! Out with the viruses and all the other junk you have on your computer, and in with all the updates you need to get back on track. Once your computer is purged of viruses and other threats and is working at peak performance, FreshStart installs SecureIT 2011 to keep your computer protected on an ongoing basis.

SecureIT 2011

SecureIT 2011 keeps your computer safe and optimized — and you don't have to do a thing! It manages your virus and spyware protection, keeping it continually updated. SecureIT 2011 also gives you a two-way firewall to protect your computer from hackers, and anti-phishing protection to keep your online identity safe. Plus, you get automatic ongoing system and disk maintenance to keep everything cleaned out and up-to-date so your computer runs perfectly.

SecureIT also provides you with parental controls to keep your kids safe online, and sends you automatic monthly reports so you can see exactly how it's working behind the scenes to keep you protected.

In September only, we are offering FreshStart for just \$25 (normally \$29.95). Plus, you'll get two months of SecureIT 2011 FREE (normally \$5.95 a month)! It's well worth the cost to avoid expensive computer repairs, or devastating losses of your important files and photos! ■

Like us on Facebook and get an extra \$5 OFF your FreshStart computer tune-up! Go to [http://www.facebook.com/WTCCommunications!](http://www.facebook.com/WTCCommunications)

your car would run if you never changed the oil? It's the same with your computer. Just by using your computer, you pick up viruses, spyware, malware and other serious threats every day. It's also easy

defragment your disks every now and then, your computer can grind almost to a halt!

We know you don't have time to research all the different software you need and
