

Endless ENTERTAINMENT!

March 1, 2025

Dear WTC Cable TV customers,

We are writing to inform you of an important update regarding your cable tv service.

As you may know, the cost of programming — including the popular channels and networks we provide — has continued to rise. These increases are driven by factors beyond our control, such as higher fees imposed by content providers. In order to continue offering you the quality programming and service you expect, we must adjust our rates accordingly.

Effective April 1, 2025, the monthly rate for your cable services will increase. We understand that price increases are never welcome, and we want to assure you that this decision was made after careful consideration. If you want to make changes, please contact us before March 26th to reflect on April billing. You don't need to take any action unless you'd like to make changes to your cable services.

For details please visit our website at wtccommunications.com or view the updated rates below:
